

Established in 1998, family business Oakland International is an award-winning integrated supply chain specialist with a reputation for innovation through sustainability. Oakland services retail, wholesale, discount and convenience markets via its UK and Ireland multi temperature-based facilities.

Oakland supports a number of charitable initiatives with a particular interest in causes concerning nutrition, young people and education. Oakland has its own registered charity, The Oakland Foundation, which addresses these areas of need in the regions close to Oakland depots.
